ARTISAN LETTERPRESS

Thank you for your interest in this Bella Figura design! This PDF will show you a digital approximation of ink, paper and envelope color. It will show you the size of the pieces and the fonts that the sample uses. But a computer can't capture letterpress printing's complexity and warmth. Because letterpress is a historic way of printing, each piece that we print is subtly unique. Know there is variation in ink color and impression from piece to piece. We believe this is part of the beauty of our craft. We also believe touching is believing: order samples online from www.bellafigura.com
